**How do I read this table?**

The MScE consists of three modules and lasts four semesters.

The first module, semester 4.1, is a common track that allows you to choose between three options A, B and C.

The second module, semesters 4.2 and 5.1, provide you with a menu of courses. You can choose from these courses as you wish or in a way to acquire one or two mentions

The third module, semester 5.2, consists of your Master thesis.

**How can I complete an mention?**

Acquiring a mention is simple. Each mention consists of a set of compulsory courses (marked in green) and a set of elective courses (marked in yellow).

You need to choose at least 30 ECTS from the list of compulsory and elective courses, of which at least 18 ECTS come from the list of compulsory courses.

Each mention will be listed on the annex to your diploma.

In addition, 6 ECTS may be taken in courses of other Masters' programs not covered by this study plan. However, doing that requires the approval of the MScE director.

**Evaluation\***

A = presentation

B = problem sets
