# ACCOMMODATION

The University of Lausanne does not have a residential campus. Students live in the town, mainly as lodgers with a family or in flats shared with other students or in student hostels. Another alternative is to live in a university hall of residence.

**As there is an acute shortage of student accommodation, the UNIL cannot guarantee accommodation for all its students.** It does its utmost, however, to find as much accommodation as possible. We advise you to find accommodation before the start of the academic year. You should therefore start looking as soon as possible.

If you send an e-mail to the Accommodation Office (Service du logement), they will send you a list of addresses of rooms, studios and flats in the private sector. The average rent for a room in the private sector is between CHF 550 and CHF 750 per month.

## CHANGE OF ADDRESS

You should inform the Foreign Residents' Office in the town or village where you are registered **within 8 days** if you move to another address in the same town or village or if you move to a different town or village. You should inform the Foreign Residents' Office in your new town or village.

You are also required to notify the Admissions Office, your faculty and the Office for Socio-Cultural Affairs (exchange students only) of any change of address. The Cantonal and University Library (BCU) should also be informed.

## TERMINATING A LEASE: YOUR DEPOSIT

If you do not have a written agreement, you should notify your landlord/landlady of your intention to leave by registered letter, **at least one month before the end of the month** in which you intend to vacate your lodging.

The rent guarantee, which you deposit at the beginning of your lease, usually amounts to between one and three months' rent.

# ASSOCIATIONS

When you enrol at the UNIL you automatically become a member of the students' association of your faculty. All these associations belong to the umbrella organisation **The Federation of Students' Associations (Fédération des Associations d'Etudiants – FAE)** of which you are also a member.

The FAE protects the rights and interests of students in the context of a democratic university. It accordingly represents students in their dealings with the political and academic authorities and organises a range of activities such as demonstrations, meetings and conferences. The FAE enables students to take specific action to defend their rights.

## CERTIFICATE OF ENROLMENT

A few days after paying their fees for the semester, students will be able to print out their enrolment certificate via the MyUNIL portal (cf. computer facilities chapter p.10).

## CHANGING A COURSE OR FACULTY

Subject to certain conditions, you may change your course after it has begun. You can request a transfer, either by changing your field of study within the same faculty or by changing faculty or university. If you are in doubt, psychologists at the Guidance and Advisory Service will be able to help you make a decision.

However, please bear in mind that your request may be subject to restrictions. The current regulations of the University of Lausanne specifically stipulate that you will be unable to register if you have been expelled or excluded from another university for disciplinary reasons.

In addition, students who have already studied at university and who wish to be registered on a Bachelor's degree course or a programme offered by the School of French as a Foreign Language must have obtained at least 60 ECTS ("European Credit Transfer and Accumulation System") credits in a given programme or certificates showing equivalent results during their last six university semesters.

### CHANGING COURSES WITHIN THE SAME FACULTY

If you wish to change your subject, study for a different degree/diploma, alter your courses or switch disciplines within the same faculty, you should make a written application to the Dean of your Faculty. However, if you have not been allowed to continue your studies as a result of failure to achieve satisfactory examination results, you will not be allowed to re-enrol in the same faculty.

## CHANGING FACULTY

The official forms for requesting a change of faculty should be completed and sent to the Admissions Office before:

- \* 30<sup>th</sup> September 2013
- \* 30<sup>th</sup> April 2013 for a Master's transfer
- \* Transfers in Medicine and Sport Science have their own deadlines.

Candidates taking the entrance examination of Swiss universities (ECUS) must also submit their applications earlier (contact the Admissions Office for more information).

If you submit an enrolment application for a Master's degree course in good time (before 30 April 2013) and wish to transfer to another Master's degree course in the same faculty, the deadline is 30 September 2013 (subject to approval by the faculty).

Note: Admission to a Master's degree course does not mean that your transfer application will automatically be accepted by the faculty.

## TRANSFERRING FROM ANOTHER UNIVERSITY

### DEADLINES

#### TRANSFER TO A BACHELOR'S DEGREE

- \* **Universities of Geneva and Neuchâtel:**  
31 July 2013 (except for Medicine and Sports Science)
- \* **EPFL:** 30 September 2013 (except for Medicine and Sports Science) for students registered in the previous spring semester and new students applying to the EPFL before 31 July.

- \* **Other universities:** 30 April 2013

## TRANSFER TO A MASTER'S DEGREE

- \* 30 April 2013 (Autumn semester)
- \* 30 November 2013 (Spring semester)

If you are excluded from studying a specific discipline or studying for a degree course at a university in Switzerland or abroad, you will be unable to enrol for that discipline or degree at the University of Lausanne.

Double registration (at the UNIL and another university during the same study period) is not allowed. The Admissions Office may require an Ex-matriculation Certificate before the beginning of the academic year.

## SUSTAINABLE DEVELOPMENT

Over the last 20 years the UNIL has taken many concrete measures to reduce its own environmental impact. Under the supervision of the Buildings and Works Department (Unibat), it sorts its own waste (achieving a 50% recycling rate), optimises its energy consumption and maintains its own green spaces with an ecological approach. In 2008, the UNIL was awarded the «Natural Park» label of the «Fondation Nature et Economie» (Nature and Economy Foundation), an organisation that enjoys the support of the Swiss Federal Authorities. Another recent initiative is the introduction of the **Campus Plus** label, which aims to encourage campus users to adopt certain simple habits, such as sorting their own waste or turning out the light when they leave a classroom.

### **Exemption from compulsory health and accident insurance for B Permit or L Permit foreign students from outside the European Union:**

Pursuant to the enacted Federal Law on Health Insurance (LAMal), students who possess a B or L permit may be exempted from taking out compulsory health insurance in the Canton of Vaud, provided they are able to produce a certificate from a foreign health insurance company, stating that they have basic cover, which is equivalent to the compulsory cover in Switzerland.

In order to obtain an exemption, a student must make a formal request and complete a form called *Attestation de l'assureur étranger* (Certificate from a foreign insurer) which must be signed by the foreign health insurance company. This form can be obtained from the Office vaudois de l'assurance maladie (see below for address).

International students who are unable to obtain health cover that is recognised in Switzerland must take out an insurance policy with a Swiss company.

### **Exemption from compulsory health and accident insurance for foreign students who are European Union nationals:**

Ask your national insurance office for:

\* a European insurance card

When you arrive in Switzerland you should bring this document to the Office vaudois de l'assurance maladie and they will issue a waiver from the obligation to take out insurance in Switzerland.
