

Transbugnon Seminars – Spring 2011

Phillip.Shaw@chuv.ch & Ivan.Stamenkovic@chuv.ch

Dates	Seminars
Tuesday 18 January	Transbugnon Seminar Winship Herr CIG, UNIL <i>Maturation of a human epigenetic cell-cycle regulator: O-GlcNAc transferase catalyzes site-specific proteolysis of HCF-1</i> Auditorium Alexandre Yersin, CHUV at 12:00
Tuesday 15 February	Transbugnon Seminar Alexandre Arcaro Department of Clinical Research University of Bern <i>Targeting the PI3K/Akt/mTOR pathway in embryonal tumors</i> Auditorium Charlotte Olivier, CHUV at 12:00
Tuesday 8 March	Transbugnon Seminar Philippe Reymond, MER Department of Plant Molecular Biology - UNIL <i>Insect eggs suppress plant defenses against herbivores</i> Auditorium Alexandre Yersin, CHUV at 12:00
Tuesday 22 March	!!CANCELLED Transbugnon Seminar!! Gerardo Turcatti <i>The Biomolecular Screening Facility – EPFL</i> <i>To be announced</i> Auditorium Alexandre Yersin, CHUV at 12:00
Tuesday 5 April	!!CANCELLED Transbugnon Seminar!! Stewart Cole <i>Director of the Global Health Institute - EPFL</i> <i>To be announced</i> Auditorium Mathias Mayor, CHUV at 12:00
Tuesday 3 May	Transbugnon Seminar Alexandre Reymond CIG - UNIL <i>Genome structure and expression</i> Auditorium Alexandre Yersin, CHUV at 12:00
Tuesday 17 May	Transbugnon Seminar Thierry Roger MIN - CHUV <i>Targeting innate immune responses and histone deacetylases in sepsis</i> Auditorium Alexandre Yersin, CHUV at 12:00
Tuesday 31 May	Transbugnon Seminar Phil Shaw Pathology – CHUV <i>Sept4, The many paths to protein destruction-Autophagy and Parkinson's disease</i> Auditorium Alexandre Yersin, CHUV at 12:00
