Dear Partner,

To participate to clinical clerkships, the student agrees on the following :

- **The clinical clerkship starts on the 1st day of the month (even if this day is a Friday) and finishes on the 30th or 31st of the month.**
- The student is subject to the working conditions of the hospital in which she/he is practicing. There is no obligation to grant leave, this being the responsibility of the head of department and / or the administration of each hospital.
- Students should introduce themselves to the department before (at least 24 hours) the first day of the clinical period to obtain informations about the internal organisation of the schedules of the department.
- The students accept to be on duty during nights and weekends.
- When the contract is signed, students can't modify it.
- Knowledge in french is required, level B2. Certificate must be transmitted.

We cannot assure accommodation for the exchange students. Useful information can be found in our information " Quick information and updates for exchange students 2018 - 2019 - 27.02.2018 " : <http://www.unil.ch/ecoledemedecine/home/menuinst/echanges-universitaires-1/venir-en-echange---incoming.html>

Please do not hesitate to contact us for any question or precision, we will be happy to answer you. We are looking forward to collaborating again with you in the near future and send us our best regards.

Language requirement :

For the clinical practices, we require from incoming students that they attest linguistic abilities in French corresponding to a level B2 at the beginning of their mobility year.

The Clinical Department have the right refuse students for clinical clerkships if their performance in French does not meet the linguistic requirements set by the Medical School (B2 level).
