

SEMINARS IN DRUG DISCOVERY & DEVELOPMENT 2024

SCHEDULE
12:15 - 13:15

Department of Biomedical Sciences

Rue du Bugnon 7, 1005 Lausanne, Seminar room 6th floor

**March
7th
2024**

Dr. Christian Parker

Novartis, Basel

**From soup to nuts: from cell line creation
to hit discovery assays**

**March
14th
2024**

Drs. Sabrina Vullo & Iwan Märki

Abionic, Epalinges

**Nanotechnology and a new biomarker: making
a difference in the battle against sepsis**

**March
21th
2024**

Dr. Estelle Arnaud Gouttenoire & Dehlia Chevalley

*SYNLAB Suisse & Service d'immunologie et allergie
CHUV, Lausanne*

Presentation of the FAMH program

**April
11th
2024**

Dr. Patrick Dennler

Lonza, Visp

**From bench to bedside: Introduction to microbial
biopharmaceutical technology at Lonza**

**April
16th
2024**

Adrian Mihai & Marius Francisco Harter

Roche, Basel

**Next-generation immunocompetent human
models**

**April
18th
2024**

Dr. Saska Brajkovic

Lunaphore, Tolochénaz

**Microfluidic technology in spatial biology :
an RnD perspective**

Organized by Profs Stephan Kellenberger & Olivier Staub
