

Mini-symposium

'Atherosclerosis, Inflammation, Lipids: State of the Art'

June 29th, 2006; Auditoire Yersin, CHUV, Lausanne

9:00-9:45 ARRIVAL (coffee/croissant)

9:45-10:00 Opening Remarks

J-D. Horisberger (Lausanne)

*Coordinator of Cardiovascular and Metabolism PhD program
of the universities of Lausanne, Geneva, and Fribourg*

10:00-11:30 Atherosclerosis: general features B. Kwak, A. Baertschi (Geneva) moderators

10-10:45 "Endothelial dysfunction in relation to eNOS uncoupling and ox. Stress"

T. Münzel, (Mainz, Germany)

10:45-11:30 "Progression of atherosclerosis and plaque rupture, in relation to MMPs"

A. Newby, (Bristol, UK)

11:30-13:00 LUNCH (cafeteria of CHUV)

13:00-14:30 Inflammation L. Mazzolai, D. Hayoz (Lausanne) moderators

13-13:45 "Macrophages as target-cells to reduce inflammation during atherogenesis"

F. Mach, (Geneva)

13:45-14:30 "Chemokines in vascular remodeling"

C. Weber (Aachen, Germany)

14:30-15:00 TEA BREAK

15:00-16:30 Lipids Z. Yang, J-P. Montani (Fribourg) moderators

15-15:45 "The role of HDL in atherosclerosis"

J.-R. Nofer (Munster, Germany)

15:45-16:30 "The role of paraoxonase in atherosclerosis"

R-W. James (Geneva)

16:30-16:45 Closing remarks

A. Kleber (Bern)

Coordinator of the Swiss Cardiovascular Research Training Network

**This course is recognized by the Federation of Swiss Cantonal Veterinary Office
Registration is mandatory**

Organizers: Brenda Kwak (Geneva), Lucia Mazzolai (Lausanne), Zhihong Yang (Fribourg) on behalf of the Cardiovascular and Metabolism Ph.D program of the universities of Lausanne, Geneva and Fribourg, and the Swiss Cardiovascular Research Training Network (SCRTN)

Secretary: Cornelia Schawohl, Service d'Angiologie, CHUV, Av. Pierre Decker 5, 1011; Lausanne
Tel: 021-3140750; Fax: 021-3140761; e-mail: cornelia.schawohl@chuv.ch
