

**Maîtrise universitaire ès Sciences en sciences de la Terre
Master in Earth Sciences
Academic year 2024/2025**

Dear future student,

You have been admitted to the Master in Earth Sciences programme and we are looking forward to welcoming you very soon. Please fill in this form indicating your choice of your main module. The study plan is available on the ELSTE website ([here](#))

If you have already contacted a teacher of the ELSTE for your Master's thesis, you can also specify her/his name and the provisional subject of the Master's thesis. You have by the beginning of the second semester to choose your master thesis subject.

Please return this document by email, postal mail, UNIL mailbox) **before August 31st 2024**
