Dix-huit nouveaux genres d'ammonites du Spathien (Trias inférieur) de l'Ouest américain (Idaho, Nevada, Utah et Californie): note préliminaire

Eighteen new spathian ammonoid genera are described in the present report :
Courtilloticerias, Yvesgalleticerias, Marcouxia, Jeanbesseicerias, Tapponnierites,
Gaudemerites, Deweveria, Ceccaisculitoides, Coscaites, Eschericeratites, Garteria,
Dumitricacerias, Tardicolumbites, Cowboyicerias, Nordophiceratoides,
Glaberolumbites, Idahocolumbites. Their stratigraphic ranges are precisely
established and a partial phylogenetic reconstruction of their evolutionary
relationships is proposed.
