2019 MD-PhD Retreat

A scientific meeting organized
by the MD-PhD Commission UNIL/EPFL

November 21, 2019 - Lausanne

Ecole hôtelière de Lausanne (EHL),
Route de Cojonnex 18, 1000 Lausanne 25

INVITATION

The MD-PhD programme of UNIL/EPFL will organize its sixth retreat on Thursday, November 21, 2019, at the Ecole hôtelière de Lausanne (EHL) in Lausanne. The annual retreat is a mandatory event and constitutes the minimal requirement for Swiss MD-PhD programme, as defined by the Swiss Academy of Medical Sciences (SAMS).

The retreat encourages MD-PhD students and candidates to present their work beyond their immediate research environment and provides an opportunity to meet with former students, thesis directors and faculty members involved in the Lausanne UNIL/EPFL MD-PhD programme.

Posters of all MD-PhD students will be presented and six posters will be selected for oral presentations. Awards will be given for the best presentation and the best poster.

This year, we also have the privilege of welcoming Prof. Anupama Narla, Prof. Alejandro Ocampo, Prof. Rosa Chiara Paolicelli and Dr Nils Degrauwe as keynote speakers. They will share their experience in promoting science among doctoral and medical students as well as clinicians (full list of speakers on the fourth page).

Luncheon is offered. For organizational reasons we recommend that you register as soon as possible and confirm your presence for lunch by sending the attached form to: md-phd@unil.ch.

Registration deadline: October 24, 2019

We look forward to welcoming you.

Sincerely,

For the MD-PhD Commission UNIL/EPFL
Prof. Ivan Stamenkovic
President
